# VISION AND VALUES

The 2019-2020 Academic year marked the introduction of a new ‘**vision**’ and accompanying core ‘**values**’ at Fivemiletown College. All stakeholders - pupils, parents, staff, governors; had an input into their development and they are now central to all that we do at the college. We are proud to be an important part of the community and within, aim to maximise the potential of each and every member of the FMT family...including your child.

## Our Vision

**“A centre of excellence at the heart of the community, where everyone aims to maximise potential.”**
